## Historical Research Request

We are happy to assist patrons conducting Lancaster County-related historical research of a non-genealogical nature. We ask that patrons submit one specific and well-defined question per request. We are able to answer questions about specific events, people and places requiring consultation of mainly secondary sources, but cannot accommodate complex questions requiring original research and substantial interpretation of primary sources. For fee information, or if you have questions about this services or about constructing your question, please visit our web site or contact us at 717 392-4633 x108 or [reference@lancasterhistory.org](mailto:reference@lancasterhistory.org).
