

- # Name**
- 1 *Agastache scrophulariifolia*
Purple Giant Hyssop
- 2 *Amsonia hubrichtii*
Hubricht's Bluestar
- 3 *Aquilegia canadensis*
Red Columbine
- 4 *Asclepias purpurascens*
Purple Milkweed
- 5 *Asclepias tuberosa*
Butterfly Milkweed
- 6 *Asclepias verticillata*
Whorled Milkweed
- 7 *Baptisia australis*
Blue Wild Indigo
- 8 *Baptisia sphaerocarpa*
'Screaming Yellow' Yellow Wild Indigo
- 9 *Blephilia* spp.
Wood Mint
- 10 *Chrysogonum virginianum*
Green and Gold
- 11 *Conoclinium coelestinum*
Blue Mistflower
- 12 *Echinacea purpurea*
Purple Coneflower
- 13 *Eupatorium hyssopifolium*
Hyssop-leaved Thoroughwort
- 14 *Eutrochium dubium*
'Little Joe' Coastal Plain Joe-Pye Weed
- 15 *Heliopsis helianthoides*
'Summer Nights' Sweet Smooth Oxeye
- 16 *Helianthus strumosus*
Paleleaf Woodland Sunflower
- 17 *Liatris spicata*
Dense Blazing Star
- 18 *Lobelia cardinalis*
Cardinal Flower
- 19 *Lobelia siphilitica*
Great Blue Lobelia

- # Name**
- 20 *Meehania cordata*
Meehan's Mint
- 21 *Monarda bradburiana*
Eastern Beebalm
- 22 *Monarda didyma*
'Jacob Cline' Scarlet Beebalm
- 23 *Monarda fistulosa*
Wild Bergamot
- 24 *Oenothera* spp.
Sundrops
- 25 *Penstemon hybrid*
'Dark Towers' Beardtongue
- 26 *Penstemon digitalis*
Foxglove Beardtongue
- 27 *Penstemon hirsutus*
Hairy Beardtongue
- 28 *Phlox paniculata*
'Jeana' Garden Phlox
- 29 *Physostegia virginiana*
Obedient Plant
- 30 *Pycnanthemum incanum*
Hoary Mountain Mint
- 31 *Pycnanthemum muticum*
Clustered Mountain Mint
- 32 *Pycnanthemum verticillatum*
Whorled Mountain Mint
- 33 *Rudbeckia fulgida*
Orange Coneflower
- 34 *Ruellia humilis*
Fringeleaf Wild Petunia
- 35 *Scutellaria incana*
Hoary Skullcap
- 36 *Silene regia*
Royal Catchfly
- 37 *Solidago rugosa*
'Fireworks' Wrinkleleaf Goldenrod

- # Name**
- 38 *Solidago speciosa*
Showy Goldenrod
- 39 *Solidago sphacelata*
'Golden Fleece' Autumn Goldenrod
- 40 *Symphotrichum oblongifolium*
'Raydon's Favorite' Aromatic Aster
- 41 *Teucrium canadense*
American Germander
- 42 *Vernonia glauca*
Upland Ironweed
- 43 *Veronicastrum virginicum*
Culver's Root

About the Native Plant Pollinator Gardens in the Tanger Arboretum

Located on the grounds of LancasterHistory near the intersection of Marietta and North President Avenues, the Native Plant Pollinator Gardens were established in 2018 as a joint effort between the Friends of the Tanger Arboretum and the Muhlenberg Botanical Society.

Pollinators are insects or animals that carry pollen from one plant to another, allowing the process of fertilization to cause the plant to bloom or bear fruit. Pollinators are invaluable because of their important role in plant reproduction processes that impact human economies, food systems, and the natural environment.

With climate change, deforestation, and the removal of natural habitats for pollinators, it is more important than ever for gardeners to create pollinator-friendly gardens, filled with native plants beneficial for pollinators. Please consider using the plants in this photo ID guide for your future (or current) garden!
