### **About James Buchanan**

*James Buchanan was born on April 23, 1791 to James Buchanan and Elizabeth Speer. He was the second child born out of eleven children, and he would go on to outlive all but one of his siblings. Most popularly remembered as Pennsylvania's only President (until the election of 46th President Joseph R. Biden) and as a lifelong bachelor, Buchanan committed a lifetime to politics. In 1821, he left his law practice and embarked on his political career after having been voted into the U.S. House of Representatives. He would remain in the House for five consecutive terms before serving as the U.S. Minister to Russia, a Senator in the U.S. Senate, the U.S. Secretary of State, the U.S. Minister to Great Britain, and finally, the 15th President of the United States. He died in his bedchamber at Wheatland at 8:30am on June 1, 1868 and is buried in Woodward Hill Cemetery. Buchanan was 77 years old.*
