

Subject Guide: Lancaster County's Jewish Community

All LancasterHistory's Subject Guides follow the same format and are designed to help you identify the types of resources best suited to your needs. The first half focuses on resources that are available remotely. First you will find helpful online resources from other organizations, and secondly, materials from our collections that have been digitized and made available online.

The second half of the guide includes materials that are available to access on-site at LancasterHistory in our Research Center. First are materials from our Archives. Each listing includes a link to the Finding Aid so that you can learn more about the items in that manuscript group. Next are materials in the Library collection, which can be found in our catalogue by searching for the title and located on-site using the call number listed here. Next are items from our Photograph collection, which include links to the object record with the digital photograph attached. Finally, we have listed items from our Artifact collection, which can be found by searching for the Object ID or by following the direct link to the object record in our catalogue.

If you have any questions about how to use these guides or need to report a broken link, please email research@lancasterhistory.org.

If you would like to schedule an appointment at our Research Center or learn more about visiting, you can do so here: <https://www.lancasterhistory.org/research>
